SUNDRIES

22-24 Summer St.,
Boston, Mass.

ITH the steady increase of our business, we have, from time to time, found it necessary to augment our line by adding related articles to meet the demands of our customers. These sundries have increased to such an extent that, for the convenience of the trade, we are issuing this bulletin containing illustrations and prices on all goods not shown in our other bulletins and catalogs. While there are certain articles which we are selling at a very low price, our object has been, not to offer cheap articles of no real worth, but rather to sell high and medium-grade goods at a small profit, which will please you and your customers. The goods shown in this catalog are of standard manufacture, and we stand behind them.
